Chapter Three Consulting

Providing Specialist Compliance Knowledge and Expertise

At Chapter Three Consulting, we have made compliance our mission and we get excited about the things most people wouldn't look at twice. Here are some areas we have recently assisted clients with:

- Data Protection
- Payment Card Industry data security standards (PCI)
- Health & Safety
- Right to Work & Right to Rent
- Premises Licensing
- Temporary Event Notices (TEN)

With over 45 years of combined knowledge we ensure you make the best choices for your company. We are a business support consultancy who focus on bringing specialist knowledge and expertise to companies who wish to fulfil their compliance obligations.

As an ISO 9001 & ISO 27001 accredited organisation, our consultants work with you to make sure you better understand your legal obligations in relation to the compliance legislation you are required to meet in relation to your business.

We have worked in a wide range of roles in policing, law enforcement and compliance and are therefore well equipped to provide assistance in these areas.

“We put a significant amount of trust in Chapter Three Consulting and we have found that the excellent work they have undertaken has helped to strengthen our client relationships.”

Compliance

GDPR & Data Protection

C3C can audit your business and identify where work is needed to be brought into compliance with the GDPR. We are able to assist with data mapping and conducting data protection impact risk assessments (DPIA).

We can provide the framework for an Information Security Management System (ISMS) and have developed a comprehensive document Toolkit to assist with the implementation of the policies and procedures that may need creating or updating.

Our Data Protection Officer (DPO) service, based on a service contract, provides clients with access to our experienced consultants to help them meet mandatory requirements.

GDPR Staff Awareness e-Learning Course

The GDPR requires companies to record and monitor employee training and this is a vital aspect of evidencing that a company is complying with the GDPR.

Employees have to understand the risks to the company, both financial and reputational, as well as the risk to themselves. On completion employees will understand the purpose of the GDPR and the best practice processes and procedures that are required to be followed when handling personal data.

This low cost but comprehensive course provides a practical application of the GDPR for your staff.

***“I think the personal and tailored service, backed up by standard documents is difficult to improve.
We actually enjoyed looking at the GDPR!”***

Passport Validation

Complying with employment law

Checking a job applicant's Right to Work is a task that employers have had to undertake for many years. Indeed, all employers have a legal obligation to check that prospective employees have a Right to Work in the UK before they allow them to start work. Every prospective employee must be checked regardless of nationality, length of contract or the position they will hold.

A check must be undertaken before a job applicant is allowed to start work. Employers must check, in the presence of the applicant, that the documents are valid and that any photographs within the document look like the holder. The time and date of the check has to be recorded to show when the check was made. Copies of the documents must be made and kept for at least two years after employment ends.

Failure to comply with Right to Work requirements could make an employer liable for a Civil Penalty of up to £20,000 per illegal worker and in some cases imprisonment for up to 5 years.

Without thorough and reliable identity checks, employers are putting their business at risk by employing those who have no right to work in the UK. This is where Passport Proven can help.

Our solution, powered by Passport Proven, captures images and data from a passport, BRP, Visa or identity card via a scanner or mobile device, Passport Proven then processes and cross-references the information to determine whether the document is valid.

Cost effective identity document validation checks

Secure Document Storage

Keeping personal data safe

Any business that collects personal data in the form of documentation, i.e. passport, drivers licence, proof of address etc is responsible for ensuring that they are kept safe and secure in accordance with data protection legislation.

Imagine a portal where documents can be uploaded directly into a secure Cloud storage location.

We provide a solution, in partnership with Shuttle, where documents can be kept for as long as necessary and deleted as appropriate.

Initial information to create an account and document upload can be managed internally or externally by the customer themselves.

Ideal for companies who need to retain proof of ID for:

- Test drives
- Vehicle hire
- HR records
- Tool hire
- Test/examination centers
- Universities
- Colleges
- Recruitment agencies
- Restaurants

<https://shuttleon.com>

Personal Information (PII) does not leave the Shuttle platform - single point of collation for all data and documents

Premises Licensing

Provision of alcohol and hot food after 11pm

Our professional licensing consultants help our many clients successfully navigate the challenges of the Licensing Act 2003 and allow them to focus on managing, developing and building their business.

Our professional licensing consultants have many years of experience dealing with all aspects of licensing, for a wide variety of clients operating a wide variety of premises; these include retail shops, bars, restaurants, night clubs, hotels, blue chip companies and event spaces.

The following services are available

- Licensing Consultancy Service
- Premises Licence Applications
- Premises Licence Variations
- Representation at Licensing Committee Hearings
- Premises Licence Reviews
- Minor Premises Licence Variations
- Premises Licence Transfers
- Variation of the Designated Premises Supervisor (DPS)
- Temporary Event Notices (TENs)
- Licensing Compliancy Files

“They are very professional, caring and focused on all aspects of licensing. Their fee is reasonable and when you talk to them it is like they are part of your business. Thank you”

Testimonials

Walton Heath Golf Club

'We couldn't thank Eddie or recommend C3C highly enough for everything they have done to advise and help us to be compliant. Eddie has been thoroughly professional, very competent, knowledgeable and enormously useful throughout the whole process. He is our comfort blanket.'

Stuart Christie, Walton Heath Golf Club Secretary

Brittain Marketing

'The key selling point with C3C was that they had the knowledge and solutions to address any area of concern. That gave us complete confidence.

All we had to do was call them and they would be there to help. That was a massive support. It was just the ease of success. We would 100% recommend them. Tana (Jackson) was so helpful!

Charlotte King - Campaign, Operations & HR Manager - Brittain Marketing

HALO Accident Repair Centre

'What we were looking for were experts who could validate where we were and what else we needed to do. Eddie and Tana (Jackson) were great, they made the whole GDPR process simple and straightforward, not complex at all. The nice thing was that there was one flat fee, so if anything came up, no matter what, I could call or email and there was no extra charge. And, they were always very responsive.'

Barry White, Compliance, Procurement & IT Manager

SimplyVAT

'C3C were excellent. Tana went above and beyond. We could call her at any time for advice. She explained everything so well, in plain English, making what seemed complicated, straight-forward and easy. It was a great experience and very good value for money. I would definitely recommend them.'

Daisy Baker, Office Manager

The Cumberland Hotel, Eastbourne

'Tana was absolutely the best. So calm and collected. Very knowledgeable, she could answer any question, was very patient, nothing was a problem and was constantly on hand to help.'

Elizabeth Rickey, Front of House Manager
